Hop onboard your own private paradise and enjoy the breathtaking views as you cruise with family and friends. Greece features beautiful ancient cities along the water, amazing cuisines, and activities for everyone, perfect for yachting.

Day 1 – The first destination on your journey is Poros. This small island is perched on the slopes of a hill and is the center for most of the cities activities. Poros’ most popular destination by far is Askeli, a beautiful sandy beach with clear waters. Spend your day here relaxing on your yacht and go ashore when you are ready for a picnic on the beach. If you’re looking for a relaxing getaway from the city cruise over to Love Bay which features a large pine forest along the rocky shore.

Day 2 – The next day you’ll sail to Nafplio, the first capital of modern Greece. Nafplio is a charming historic seaside village just to the southeast of Athens. This small town is best known for the small Venetian fortress, Bourtzi, which stands up out of the water. Enjoy incredible views of this iconic fortress from your private yacht. Nafplio also features several pristine beaches, perfect for a day soaking up the sun. If you would like to go ashore, you can explore the ancient city by taking a slow stroll along the cobblestoned streets.

Day 3 – Today you will have the chance to explore the rest of the Saronic Gulf which includes the cities of Hydra, Spetses, and Aegina. All three of these cities feature their own unique characteristics offering something different at every stop. Enjoy the small fishing villages, secluded bays, and crystal-clear waters, perfect for swimming, all from the comfort of your yacht.

Day 4 – After enjoying a day in the Saronic Gulf you’ll set sail for the famous Greek Isles which is made up of hundreds of small islands. Here we recommend that you stay onboard as you cruise from island to island, take in the deep blue waters, soak up the warm sun, and experience the beauty of Greece with your family and friends. As you sail the waters indulge in an authentic Greek cuisine that is prepared fresh for you onboard and sit-back and relax with a cocktail in hand.

Day 5 – On that last day of the journey you’ll be visiting Zakynthos in the Ionian islands. Zakynthos is known for its world-famous beach Navagio. This Mediterranean island is a paradise for watersports as it features incredible sandy beaches, great snorkeling and diving spots, and plenty of aquatic life as well. If you’re looking for more of a laid-back day, then stay onboard as you drop anchor in one of the many cove beaches. Finish off your trip with a seafood meal, caught fresh just for you.
