Corsica & Sardinia Itinerary

Corsica and Sardinia are the perfect combination of sandy white beaches, beautiful clear waters, and amazing interiors. Both islands are incredibly beautiful and are unique in their own way. Sardinia's Emerald Coast offers glamor and glitz while Corsica offers more of a low key and authentic experience.

DAY 1 – Wake up in the Gulf of Sant'Amanza, a protected bay great for swimming and watersports. After which you'll enjoy a lazy lunch on board prepared by your private chef. You'll then cruise to the Port of Bonifacio, passing through its dramatic entrance. Don't forget to look up at the ancient town clinging to the face of the cliff. Once docked, climb the stairs to the prehistoric town with its walled citadel and intriguing cemetery. Finish the day off by having dinner at La Caravelle. This restaurant specializes in freshly caught fish and shellfish. End the evening by heading next door for some artisanal ice cream at Le Rocca Serra gelateria.

DAY 2 – After an enjoyable breakfast on board you'll take a short cruise to the Lavezzi archipelago, between Corsica and Sardinia, and snorkel in the crystal-clear waters. After, you can take the tender ashore for lunch at Hotel & Spa Des Pecheurs on the private island of Cavallo. Once back on the yacht you'll cruise through the Maddelena Islands toward Porto Cervo, the purpose-built luxury paradise in northeastern Sardinia which features high-end boutiques and restaurants. Enjoy the evening dining on the terrace at Il Pescatore for Sardinian cuisine and then after stroll around the resort or dance until dawn at Billionaire nightclubs.
